CARPE DIEM '25

Ignite the Passion, Celebrate the Spirit...

Talents are not truly talents unless displayed with full fervour and energy — and CARPE DIEM '25 was the perfect stage for brilliance to shine.

Held on August 6th and 7th, CARPE DIEM '25 was a spectacular celebration of culture, creativity, and competitive spirit. The fest opened with a grand procession led by the band maestros, ushering in the dignitaries in regal style. The inauguration was graced by Vidushi Roopa Gurumurthy, a distinguished Carnatic Vocalist and Educator, whose soulful performance added a serene charm to the day. Dr. Philip Thomas, the Rector and President of Suvidya College, served as the Guest of Honour and delivered an inspiring address that set the tone for the event.

The fest began with a graceful prayer dance, followed by a vibrant choir performance and an energetic western dance — all of which set the stage for two days of unforgettable performances and spirited competitions. A range of individual events — including solo dance, instrumental music, solo song, creative attire, elocution, and poem recitation,

allowed participants to showcase their unique talents. Meanwhile, group events like rangoli, skit, debate, group song, group dance, group instrumental, mime, and the much-anticipated fashion show added to the collective excitement and competitive energy of the fest.

Teachers from various institutions of the campus were invited to serve as judges, ensuring a fair and enriching evaluation process.

The two-day fest concluded with a grand closing ceremony on the second day. Rev. Fr. S. Satish Kumar msfs, the Registrar and Controller of Examinations, presided as the Chief Guest and presented trophies, certificates, and medals to the winners. The Ambitious Avengers emerged as the overall champions, while the Nifty Knights claimed the runners-up title.

The campus resounded with applause and jubilation as students celebrated their achievements and camaraderie. The event drew to a close with a solemn salute to the motherland through the national anthem.

The Plastic Reality

- Only 9% of plastic waste ever produced has been recycled.
- Every year, about 11 million tonnes of plastic enter our oceans.
- By 2050, there could be more plastic than fish in the ocean (by weight).
- Humans ingest about 5 grams of microplastics per week — roughly the size of a credit card.
- Plastic pollution contributes to climate change, as most plastics are made from fossil fuels.

*Change begins with
one less plastic!*

HOD's Message

Within every student lies a spark — a flicker of creativity, a rhythm waiting to be danced, a voice longing to be heard. CARPE DIEM '25, the cultural and literary fest of SFS Academy, was a vibrant celebration of that spark — a dazzling showcase of talent, imagination, and team spirit.

This year's theme, "Ignite the Passion, Celebrate the Spirit," captured the very heartbeat of the event. It was more than a slogan; it was a call to awaken the artist within, to step into the spotlight, and to revel in the joy of shared experiences.

From soulful melodies to electrifying dance routines, our Desalites lit up the stage with performances that captivated hearts and minds. Music, dance, drama, visual arts, and literary events came alive, reflecting the rich cultural diversity and creative excellence of SFS Academy.

For our Desalites, participating in the cultural and literary competitions was not merely about winning prizes or earning recognition; it was about giving their best, supporting their peers, and embracing the joy of participation. The literary events — ranging from debates and elocutions to creative writing and quiz competitions — provided a platform for students to express their thoughts, imagination, and linguistic flair with confidence.

Through CARPE DIEM, students discovered new passions, built confidence and stage presence, and created unforgettable memories with friends and classmates. It was about stepping beyond comfort zones, exploring new horizons, and celebrating the beauty of growth through art and expression.

By taking part in this fest, students honed their creativity and critical thinking, strengthened teamwork, communication, and time management skills, and deepened their cultural and literary awareness. The fest brought together students from diverse backgrounds, cultures, and interests, creating a vibrant space to share talents, appreciate perspectives, and foster a true sense of community and belonging.

More than a fest, CARPE DIEM is a movement — one that inspires every student to dream boldly, dare greatly, and act passionately. It is about igniting their passion, celebrating the spirit, and creating memories that will last a lifetime.

My safe circle...

Parents of LKG and UKG students were invited to support their children in creating a safe circle chart. Children either pasted or drew pictures of people they trust within the designated safe circle on chart paper. These completed charts, reflected a delightful variety of creativity — different shapes, colors, and designs — and were proudly displayed in the school's quadrangle on the activity day. Teachers also emphasized the importance of knowing one's safe circle, enabling children to act quickly if they ever feel unsafe.

Meanwhile, PRE-KG students participated in an engaging yes or no activity in their classrooms. Through pictures related to general safety rules at home, on the road, and in school, teachers explained the difference between safe and unsafe actions, as well as appropriate and inappropriate touch. Two boxes labeled "Yes" and "No" were arranged, along with placards displaying the images. Each child came forward, picked a placard, analysed the action, and placed it in the correct flower vase. The activity was met with great excitement, and it was heartening to see how well the children understood the concept.

Gratitude beyond words...

On the occasion of Teachers' Day, students enthusiastically took part in the wall of gratitude activity. Each child brought a flower along with a heartfelt thank-you note to express their love, respect, and appreciation for their teachers. The flowers were artistically arranged in a beautiful bouquet, while the notes were creatively compiled into a vibrant collage, reflecting the warmth and gratitude of the children. This simple yet meaningful activity highlighted the strong bond between students and teachers, making the celebration truly special and memorable.

Tapestry of traditions...

Kindergarten celebrated Tapestry of Traditions with great enthusiasm and joy. On this special occasion, the little ones came dressed in their vibrant traditional attire and brought along delicious traditional dishes to share with their friends.

A talk time activity was also conducted, where the young learners spoke confidently and proudly about their culture and traditions. The celebration turned into a fun-filled and enriching experience, fostering in children a sense of appreciation for the rich diversity of cultures and traditions represented in their classroom.

Screen free stories...

The kindergarten teachers performed a skit called "Too Much Screen, No More Green."

The skit depicted a child who spends too much time on phones, neglecting friends, the outdoors, playing, and even sleeping. Finally, the child gets sick and sees a doctor, who describes the ill effects of too much screen time. With care and encouragement from parents and friends, the child understands how essential it is to balance technology with outdoor play, exercise, and face-to-face human interaction.

Stepping into a world of wonder...

Our kindergarten children went on a guided campus tour as part of an experiential learning activity. The aim was to help them explore school facilities and feel a sense of belonging. The little ones were excited to visit the library, computer lab, and science lab, where colourful books, technology, and simple experiments sparked their curiosity. They also enjoyed the music and art rooms, and got a glimpse of the nurse's room, robotics lab, audio-visual room, dance room, and senior classrooms.

A special moment was meeting the Principal in his cabin, which made them feel proud. The tour was both fun and informative, leaving the children motivated and eager for their journey ahead in school life.
